

ENA / Project EarlyNutrition

Research Workshop on

The Placenta and its Role for Fetal and Neonatal Development

October 23rd 2012

Seggau Castle, Austria

www.early-nutrition.org

Draft Programme, Tuesday October 23rd 2012

9.00 – 9.45	Placental Development and Structure (B. Huppertz, Graz) <i>(25 minutes plus 20 minutes for discussion)</i>
The Placenta and its Nutritive Function for the Fetus	
9.45 – 10.30	Studies on Fatty Acid Transfer Using Stable Isotopes (E. Larque, Murcia) <i>(25 minutes plus 20 minutes for discussion)</i>
10.30 – 11.00	Coffee break
11.00 – 11.45	Placental lipids and fatty acids (H. Demmelmair, Munich) <i>(25 minutes plus 20 minutes for discussion)</i>
11.45 – 12.30	Placental Amino Acid Transport (R. Lewis, Southampton) <i>(25 minutes plus 20 minutes for discussion)</i>
12:30 – 14:00	Lunch
14.00 – 14.45	Effects of Maternal Nutrients on Placental Function (M. Symonds, Nottingham) <i>(25 minutes plus 20 minutes for discussion)</i>
Placenta and Growth of Fetus and Offspring	
14.45 – 15.30	The Placental Exposome: Role in Developmental Programming of Obesity (S. Hauguel, Cleveland, OH) <i>(25 minutes plus 20 minutes for discussion)</i>
15.30 – 16.00	Coffee Break
16.00 – 16.45	Developmental Plasticity: The Role of the Placenta (K. Godfrey, Southampton) <i>(25 minutes plus 20 minutes for discussion)</i>
16.45 – 17.30	Placental Epigenetics (R. Saffery, Melbourne) <i>(25 minutes plus 20 minutes for discussion)</i>
17.30 – 18.15	Measurements of placental hemodynamics in epidemiological studies (R. Gaillard, Amsterdam) <i>(25 minutes plus 20 minutes for discussion)</i>
19.00 – 20.30	Dinner

Time schedule:

Arrival: Afternoon/evening of Monday, October 22nd 2012.

Workshop on October 23rd, 2012: One full day is scheduled for the workshop, starting at 9.00 a.m. and ending at 6.15 p.m.

Attendees: ~40 participants, incl. presenters. Preference will be given to *EarlyNutrition* partners, but depending on early registrations the workshop can accept other researchers if space is available.

Registration for the workshop includes two coffee breaks, lunch and dinner. Details will be announced on the Early Nutrition Academy website www.early-nutrition.org and on the Project EarlyNutrition Intranet <http://intranet.project-earlynutrition.eu/index.html>.

Practicalities: The workshop is held at Seggau Castle (<http://www.seggau.com/site/1/default.aspx>). The Castle contains a modern congress- and convention centre with a contemporary design that has been integrated into the old fabric of the building.

Please note that there are no rooms for accommodation available at Seggau Castle. We therefore reserved room allotments at the following two hotels nearby the meeting venue (please refer to Project EarlyNutrition when booking). **Important: please book your accommodation by yourself until August 15th at the latest.**

Hotel Staribacher: allotment of 25 rooms; available for 91 Euro (including breakfast) <http://www.staribacher.at/>

Hotel Hasenwirt: allotment of 30 rooms; available for 78 Euro (including breakfast) <http://www.hasenwirt.at/>

Important note: these two hotels are the only hotels nearby the meeting venue and a taxi shuttle will be organised by us to the meeting venue in the morning and back in the evening.

The number of available rooms is limited. Depending on space availability and based on a “first come first serve” basis, participants may bring accompanying persons provided they pay themselves for all costs of travel and extra costs for accommodation and board. Accompanying persons will not have access to the workshop sessions unless specifically agreed to by the organiser.

Participants must agree to actively and constructively participate in the meeting, to stay for the whole meeting and attend all sessions, and to accept strict confidentiality for all privileged information.

Please contact the ENA secretariat if you are interested in joining this workshop:

earlynutrition@med.lmu.de

We are looking forward to meeting you at Seggau Castle!
